Completing the summary table

1. For each skill, select the level at which the student ended on that skill by placing a tick in the appropriate box.
2. To determine the overall level:
 - a. Select the level with the greatest number of ticks.
 - b. If more than one level has the same (largest) number of ticks select the lower level.
 - c. If student excels at level 6-1, administer the Diagnostic Assessment Tool for Ages 11 and above.
